

Leave and Attendance Policy

Policy ID	AF-HR-001	Version	1.0
Owner	People Operations	Effective Date	2026-01-01
Classification	Internal - Demo Corpus	Review Cycle	Annual

Document Purpose

This synthetic company document is designed for testing enterprise retrieval, grounded question answering, cross-document comparison, citation mapping, and evaluation workflows in NexusIQ.

1. Scope and Eligibility

This Leave and Attendance Policy applies to all full-time ApexFlow Technologies employees in corporate, product, engineering, data, customer support, and operations teams. Contractors and interns follow the leave terms stated in their individual agreements unless otherwise approved by People Operations.

- Full-time employees are eligible for annual leave, sick leave, emergency leave, bereavement leave, and company holidays.
- Employees must use the ApexFlow HR Portal for leave requests, attendance corrections, and carry-forward requests.
- Managers are responsible for reviewing leave requests based on team coverage, release schedules, customer commitments, and fairness across the team.

2. Annual Leave Rules

Employees receive 18 days of annual leave per calendar year. Annual leave is intended for planned personal time, vacation, family commitments, and non-emergency appointments.

Leave Type	Allowance	Rule
Annual Leave	18 days/year	Must be requested at least 5 business days before the leave start date.
Half-Day Leave	Allowed	Can be used for morning or afternoon absence with manager approval.
Carry Forward	Up to 5 days	Unused annual leave above 5 days expires unless approved by People Operations.
Consecutive Leave	More than 5 days	Requires manager approval and People Operations notification.

Important: Annual leave requests longer than 5 consecutive business days require manager approval and People Operations visibility before the request is finalized.

3. Sick Leave and Emergency Leave

Employees receive 10 sick leave days per calendar year. Sick leave may be used for illness, medical appointments, recovery, dependent care, or health-related emergencies.

- Sick leave should be reported in the HR Portal before 10:00 AM local time when possible.

- A medical note may be requested when sick leave exceeds 3 consecutive business days.
- Emergency leave may be approved for family emergencies, urgent travel, or unavoidable personal situations.
- Emergency leave must be documented within 2 business days after the employee returns.

4. Remote Work and Attendance

ApexFlow permits hybrid work for eligible employees. The standard company policy allows employees to work remotely up to 2 days per week with manager approval. Remote work must not reduce team availability, customer response time, sprint ceremonies, or security compliance.

- Employees must be reachable during core collaboration hours from 10:00 AM to 3:00 PM local team time.
- Remote work requests must be submitted before the start of the workday unless there is an emergency.
- Employees handling restricted customer data must use company-managed devices and approved VPN access.
- Repeated unapproved remote work may be treated as an attendance violation.

5. Leave Approval Workflow

The leave approval workflow is designed to balance employee flexibility with operational continuity.

Step	Owner	Action
1	Employee	Submit leave request in the HR Portal with dates, leave type, and optional notes.
2	Direct Manager	Review team coverage and approve, reject, or request changes within 2 business days.
3	People Operations	Review requests longer than 5 consecutive days or exceptions to carry-forward limits.
4	Payroll	Sync approved leave with payroll and attendance records.

6. Attendance Exceptions and Escalations

Employees must correct missed clock-ins, incorrect attendance entries, or unplanned absences within 3 business days. Managers should escalate repeated attendance issues to People Operations after two unresolved incidents within a 30-day period.

- First occurrence: manager discussion and correction request.
- Second occurrence within 30 days: written reminder and People Operations notification.
- Third occurrence within 60 days: formal review with manager and People Operations.
